

Mr. Bannerman  via Mr. Warfield 

I am attaching a memorandum to Colonel White from  and a proposed letter from Colonel White to the Director, Telecommunications Management. These relate to a proposed communications circular to be given government-wide distribution. We discussed these briefly at the Noon Meeting today.

Recognizing that recommendation a. (in the letter) would require a minor modification\* in a subsequent paragraph of the circular and that recommendation b. is not specific as to where the word "telecommunications" should be used in sub-paragraph a, Section III of the circular, I still think we can recommend Colonel White's signature, since the letter is intended to be in general terms.

Recommend your concurrence on Mr.

 memorandum to Colonel White.

Mr. Helms (via Colonel White)

We have worked carefully on this letter to indicate that we are proceeding with the development of our transmitter site but at the same time not making an issue of the fact that the world-wide study

STAT has no real application to the [ ] site.

Request your signature.
